Product List Edition

CNC Ucolin Interlayer Technology Co., Ltd. · SHENZHEN, GD, CHINA

CNCGLASS · Product List / Specifications

Silicone strip (flat rectangular profile) for industrial sealing and glass processing applications. Technical properties from factory datasheet are summarized below.
Specifications below. Commercial terms available on request.

CNCGLASS · Technical Datasheet

Measured properties for CNCGLASS silicone strip. Temperature resistance tests reported as passed with no damage.

Property	Value / Result
Hardness	65 Shore A
Tensile strength	9.81 MPa

Elongation	347%
High temperature resistance	240°C for 72 hours, no damage, passed
Low temperature resistance	-50°C for 24 hours, no damage, passed

Note: Additional sizes and commercial terms available upon request.
